

Studio Bochette

Enjoy a wonderful season of Dance!

The study and learning of dance requires motivation, personal involvement, persistence, and support of parents and friends. From the youngest who often come “to be with friends” to the dedicated who continually discover new beauties in the discipline of dance, study can blossom to a real love for the art.

Building talent through good technique taught carefully and correctly offers health, maturity, self-direction and commitment. Whether for pleasure or career, dance is a real life experience and a personal reward for one who chooses it!

Let us help you find a program to fulfill your dreams.

Beginning I 1 - 2 classes per week
Intermediate II 3 - 4 - 5 classes per week
Advanced III 6 classes and up

THE CECCHETTI SYSTEM is a graded ballet method used in the classroom at Studio Bochette. It progresses students from primary to advanced levels over a period of maturity and study. The Cecchetti work is that of the world’s greatest teachers — **Enrico Cecchetti** (1850-1928) — which was researched and preserved over 70 years ago by the Cecchetti Society. Today it is modernized to keep in step with the vibrant trends of today’s dance companies.

- Exam Study and Certification is offered in the Spring for those who qualify. This is voluntary. A minimum of two classes a week are required for those studying pointe and/or preparing for exams.

Gulfcoast Dance is a non-profit organization chartered by the State of Florida in 1976. Its purpose is to enrich the community through dance services: Guest Workshops — Master Class — and Performances are held open to the community throughout the year. Participation is voluntary. Supportive and fund-raising activities are required by parents of scholarship team. *Home of Gulfcoast Dance, Inc*
