- Schedule is Proposed and Subject to Change as interests are expressed.

Must have 4 dancers registered for any class to meet.

Please remember to review the Handbook for Dress Code Guidelines:

- Proper dance attire and shoes are required for each dance subject studied. No midriff tops or “booty shorts” allowed for class unless over or under leotard and tights. Proper dance wear keeps the muscles warm while allowing the teacher and student to see body lines, This is important for dance training.
- Strive to be early for your lesson so you may warm-up, review material learned & mentally prepare.
- We are looking forward to another wonderful dance season ahead!
